## My Recertification Units

### ASQ Recertification Units Summary

Welcome to the new ASQ online Recertification Journal! You can now log in your points as you earn them over the three year period. They will be stored here on your record so, once your journal has been approved and your record updated, there is no need to keep hard copies any longer. To add, remove, review or adjust the activities on your journal, press the **Edit** button next to the appropriate recertification unit activity type and follow the instructions provided.

When you have logged a minimum of 18 points and you are within 6 months of your recertification date, hit the **Recertify Now** button at the bottom of the page and you will be taken through the process of submitting and paying for your recertification. Your journal will then be submitted to the recertification coordinator for approval. If we have any questions regarding your credits or documentation, we will contact you. Once submitted, you can check the progress through your [My Certifications](#) page.

If you wish to synchronize any of your certifications, please send in your recertification journal, with appropriate documentation, to your section recertification chair, or to the ASQ recertification coordinator. You will not be able to use the online journal to synchronize.
